The NBER does not define a recession in terms of two consecutive quarters of decline in real GDP. Rather, a recession is a significant decline in economic activity spread across the economy, lasting more than a few months, normally visible in real GDP, real income, employment, industrial production, and wholesale-retail sales.

Discover Haworth White Papers

Previously, we discussed the issue of what a research paper really is and have come to conclusion that ideally a research paper is your own thoughts based on your thorough analysis of what you previously knew and what you managed to research about your topic. So what, right? Theoretically, this is the most important thing you should know about academic writing.
