A. Abalone (also known as Paua Shell in New Zealand) although not a crystal or mineral, is widely used in jewellery and has its own particular healing properties. It is a mollusc or shellfish with a beautiful, iridescent interior to its shell, which is actually created by a coating of 'nacre' or Mother of Pearl, and with a stunning range of colours.

In 1998 Dr. Glen Rein of the Quantum Biology Research Lab in New York performed experiments with in vitro DNA. Four styles of music, including Sanskrit and Gregorian chants that utilize the 528 Hz frequency, were converted to scalar audio waves and played via a CD player to test tubes containing in vitro DNA.

Is the dissolution of borax in water exothermic or ...

We've dealt extensively with the science of fasting earlier, but sometimes there are many practical considerations that need exploring, too. Fasting, like anything else in life requires some practice. In days past, when religious fasting was a communal practice, these sort of practical tips were passed on from generation to generation.

Practical tips for fasting - Diet Doctor

NOVA is the most-watched prime time science series on American television, reaching an average

of five million viewers weekly.
