Married with zombies (Book, 2010) [WorldCat.org]

Their first zombie kills are pretty funny and largely come from Sarah. She kills zombies with such random things as her high heel, a letter opener, and a toilet seat. All were worthy for the zombie kill of the week. Although Married with Zombies was a light enjoyable read, as a hardcore zombie fan, I found some things annoying.

I admit, I am not a fan of zombie books or movies...but Married with Zombies is far from your typical zombie book. It's less like Dawn of the Dead and more like Zombieland, which I enjoyed. Sarah and David will remind any couple of themselves, as you can tell they'd have a great relationship if they'd just let the little things go.

The main characters, Sarah and David, a married couple with serious relationship problems, find themselves at the epicenter of the start of a zombie apocalypse. Although Married with Zombies was a light enjoyable read, as a hardcore zombie fan, I found some things annoying. First of all, it's a very cliché story about a zombie outbreak that I have read countless times. Beyond the humor and relationship between Sarah and David, everything was very run of the mill. The zombies also irked me.
